	<i>Voting Policy Rationale: A vote FOR this remuneration proposal is warranted because: * The fees remain unchanged compared to last year, as such, the standard deviation has decreased compared to what was observed during the last AGM (2023). * The comparably high fees are partly mitigated by the fact that 40 percent of the fees are paid in shares, combined with the holding requirement which states that the directors shall retain until the end of their directorship such number of shares that corresponds to the number of shares they have received as board remuneration during their first three years of service in the board. However, the vote is QUALIFIED as the proposed board fees deviate significantly from Finnish large caps.</i>

3	Advisory Vote to Ratify Named Executive Officers' Compensation	Mgmt	Against	For	For
	<i>Voting Policy Rationale: A vote FOR the proposal is warranted. Pay and performance were reasonably aligned for the year in review and incentive programs were largely performance-based. Specifically, annual bonuses are largely based on pre-set objective metrics, while financial metrics appear to utilize rigorous target setting. In addition, a majority of the CEO's equity grant, and half of the equity grant for other NEOs, consisted of performance-conditioned equity with multi-year goals. However, though the company provides a rationale in the proxy statement, some concerns are raised by CEO Iger's perquisite values, which were relatively large in in FY23.</i>

5	Submit Severance Agreement (Change-in-Control) to Shareholder Vote	SH	None	Against	Against
	<i>Voting Policy Rationale: A vote AGAINST this proposal is warranted. The company has a policy which limits cash severance to a reasonable basis absent shareholder approval, and no significant concerns are identified with respect to the company's severance program.</i>				
6	Report on Congruency of Political Spending with Company Values and Priorities	SH	None	For	For
	<i>Voting Policy Rationale: A vote FOR this resolution is warranted, as a report on the company's alignment of political expenditures with stated values would enable shareholders to have a more comprehensive understanding of how the company overseas and manages risks related to its political partnerships.</i>

8	Report on Charitable Contributions	SH	None	Against	Against
	<i>Voting Policy Rationale: A vote AGAINST this proposal is warranted because the company provides sufficient information regarding its charitable contributions, and absent self-dealing or gross negligence, management should be afforded discretion in determining the company's charitable giving strategy.</i>

	Resolutions 1 to 21 will be Voted on by Rio Tinto plc and Rio Tinto Limited Shareholders as a Joint Electorate	Mgmt			
1	Accept Financial Statements and Statutory Reports	Mgmt	For	For	For
	<i>Voting Policy Rationale: A vote FOR the Company's routine submission of the directors' report and financial statements is warranted as no significant concerns have been identified.</i>				
2	Approve Remuneration Policy	Mgmt	For	For	For
	<i>Voting Policy Rationale: A vote FOR this resolution is warranted although it is not without concern because: * The proposed increase in LTIP quantum from 4x to 5x salary is significant. * The proposed reduction of the five-year performance period to three years (albeit with a two-year holding period) is a concern within the context of the Australian market, where longer performance periods are expected. * However, the following factors are taken into account: * The additional opportunity relates to climate goals. For a company in this sphere, climate strategy is critical, and has resonance outside the company itself. * The balance of the LTIP is based on relative TSR, which is an inherently objective criterion, and serves as an offset to the more subjective character of the climate goals. * The resulting package is not pitched above median in the sector and has a higher long-term focus than its closest competitor. The uplifted package is also not considered excessive for a company in the FTSE 10. It is also worth noting that the Company is not positioning itself against US peers. * This is the first increase since the remuneration policy was originally introduced in 2014. In the interim, neither the bonus nor the LTIP opportunity have risen. Therefore, although the increase is informed by benchmarking, there has not been a pattern of benchmark-driven increases. * Although out of sync with Australian market standards, a three-year performance period is standard in the UK. The two-year holding period also gives some longer-term flavour and is in line with UK market expectations. * Concerns regarding Australian practice and expectations are discussed under Item 4. In this context, were this company only listed on the Australian Stock Exchange, the vote recommendation would likely reflect this.</i>				
3	Approve Remuneration Report for UK Law Purposes	Mgmt	For	For	For
	<i>Voting Policy Rationale: A vote FOR this item is warranted although it is not without concern, considering concerns raised in the context of Australian market practice (as further discussed in Items 2 and 4).</i>				
4	Approve Remuneration Report for Australian Law Purposes	Mgmt	For	For	For
	<i>Voting Policy Rationale: A qualified vote FOR this resolution is warranted on the basis that the Company is dual-listed, and the remuneration outcomes and many of the innovations reflect UK market practice and standards. Nevertheless, the recommendation is qualified to raise a number of concerns and inconsistencies with local Australian practice. * The proposed increased in LTI opportunity for the CEO from 400% to 500% of base salary coupled with a reduced performance period of 3 years (from 5 years) is a regressive step and inconsistent with Australian market practice. However, as discussed under the remuneration policy analysis (refer Item 2), the overall enhanced opportunity remains at median against UK peers, and comparable with Australian-listed miner, BHP. * There are climate goals in the STI (10%) and LTI (20%), which potentially may have the effect of rewarding executives twice for the same outcome. As the STI goals are disclosed on a retrospective basis, this will be reviewed ahead of the 2025 AGM. * The target range for the FY23 STI financial measures were set lower than the prior year. Bonuses in FY23 were higher compared to the previous year despite lower actual results. However, as analysed under International policy, the actual bonus levels were shy of 60% of maximum opportunity; and the final results exceeded broker consensus, and therefore there is no marked dissonance between performance and bonus outcome. * LTI grant to EDs were not put to a shareholder vote and there is no resolution put at this AGM for the FY24 LTI grant. This represents a material inconsistency with good corporate governance practice in Australia, although it is fully consistent with UK market practice and standards where remuneration policy approval is the main shareholder approval mechanism. If the Company were only listed on the Australian Stock Exchange, adherence to Australian standards would be expected. In this context, the recommendation should not be interpreted as a precedent for Australian-listed companies.</i>

5	Approve Increase in the Maximum Aggregate Fees Payable to Non-Executive Directors	Mgmt	For	For	For
	<i>Voting Policy Rationale: A qualified vote FOR this resolution is warranted as the NED fee levels are not out of line with UK standards and given that the current cap has been in place since 2009. The qualification raises concerns that the quantum of the increase is considered substantial on the basis that there currently is sufficient headroom within the existing fee cap to accommodate an additional director or a temporary increase in directors for board renewal/transition.</i>

	<i>Voting Policy Rationale: A vote AGAINST this proposal is warranted due to the significant concerns surrounding the aggregate magnitude of awards made to the co-CEOs as well as the cash retirement payment made to the retiring co-CEO. While the company has made certain improvements to the incentive programs, including lowering the NEO bonus pool and increasing goal rigor in the equity program, award values remain relatively large and the co-CEO model continues to result in two highly paid executives. 	<i>Voting Policy Rationale: A vote AGAINST this item is warranted: * The new maximum pay opportunities, especially a new LTIP maximum of 850% of salary, represent a substantial pay adjustment which positions executive pay very significantly above the Company's FTSE 10 peers. Bonus opportunities are increased simultaneously, further increasing variable pay. * The proposed variable incentive repositioning follows a trend of large increases to potential pay every policy year and represents the opportunity of an additional 3.5x salary since 2020 (although the growth of the Company in market cap, revenue, and TSR since 2020 is also recognised). The merits of the Company's rationale are acknowledged: AstraZeneca undoubtedly has a global reach, is in a high-paying sector, and is led by a very highly regarded CEO. However, the degree by which the new opportunity exceeds FTSE peers is very high, to the extent that support is not recommended.</i>

6	Approve Remuneration Policy	Mgmt	For	Against	Against
	<i>Voting Policy Rationale: A vote AGAINST is warranted because: * The proposed inclusion of a last mile incentive plan could lead to excessive pay (i.e. up to EUR 60 million for the CEO); * The clear and concrete disclosure on applicable performance metrics on both the STI and LTI is lacking; * A substantial part of the LTI (67%) is not subject to performance conditions; * The derogation clause is broad in scope and allows for the allocation of one-off payments in deviation from the remuneration policy.</i>				
7	Approve Long Term Incentive Plan for the Members of the Lead Team	Mgmt	For	Against	Against
	<i>Voting Policy Rationale: A vote AGAINST is warranted because: * Two-thirds of the plan grant are not tied to performance metrics and is in deviation of market best practice. * The board appears to be able to additional award 20 percent of shares to be able to satisfy the minimum investment period. It is unclear how this mechanism works but appears to be designed to top-up LTI awards and is in deviation of a strong pay for performance framework. * There is no disclosure on the TSR peer group, not enabling an assessment of the stringency of the vesting schedule.</i>

Even though it is not a board committee, this is a positive governance development; * The company is working on reviewing its climate strategy to make it more ambitious, with the aim of updating the neutrality commitment towards a Net-Zero scenario. However, this is not without the following concerns: * Currently, the company excludes from its scope 3 reduction targets, category 1 (purchased goods and services) and category 2 (capital goods), which accounted for 30.4 percent of the scope 3 emissions in 2023. * The company's current strategy is aligned with a 2°C scenario, and is not SBTi-sponsored 'net zero'.</i>

3	Advisory Vote on Executive Compensation Approach	Mgmt	For	For	For
	<i>Voting Policy Rationale: Vote FOR this non-binding advisory vote. The high concern is mitigated to medium after considering the following factors: * CEO compensation appears more reasonably aligned with relative TSR performance when compared to the bank's selected compensation peer group over longer time horizons; * certain operational metrics have generally outperformed or been in line with other comparable Canadian banking peers during the last three years; and * 90 percent of total direct compensation awarded to the CEO was "at-risk". 58 percent of total direct compensation comprise PDSUs which reflect a relative TSR component. On balance, there does not appear to be a pay-for-performance misalignment at this time. Social Advisory Services will continue to monitor the company's compensation structure for any potential misalignment between CEO pay and company performance.</i>				
	Shareholder Proposals	Mgmt			
1	SP 1: Disclose Clean Energy to Fossil Fuel Financing Ratios	SH	Against	For	For
	<i>Voting Policy Rationale: A vote FOR this proposal is warranted as it would help shareholders better evaluate the company's management of climate risks from its lending and underwriting activities. Additionally, shareholders would benefit from a stronger alignment between the company's stated goals, its fossil fuel policy, and its actions regarding corporate responsibility.</i>				
2	SP 2: Report on Impact of Oil and Gas Divestment	SH	Against	Against	Against
	<i>Voting Policy Rationale: A vote AGAINST this shareholder proposal is warranted at this time. The bank's disclosure is aligned with industry best practices and already meets the proponents request that the bank disclose its exposure to oil and gas divestment. The proponents request that the bank further qualify and quantify the impacts of divestment from the Canadian oil and gas sector on shareholder value and other relevant economic analysis is overly prescriptive and goes beyond industry best practices and existing or upcoming regulatory frameworks.</i>

3	SP 3: Disclose the CEO Compensation to Median Worker Pay Ratio on an Annual Basis	SH	Against	For	For
	<p><i>Voting Policy Rationale: A vote FOR this resolution is warranted for the following reasons: * Enhanced disclosures of pay disparities between the executive and regular employees could allow for more informed and contextual assessments by shareholder of whether executive compensation practices are reasonable and fair; and * Excessive pay disparities between the CEO and rank-and-file employees could pose risks to long-term shareholder value, and impact employee morale as well as a company's standing in the communities in which it operates.</i></p>				
4	SP 4: Hold Annual Meetings of the Company in Person with Virtual Meetings as Complements	SH	Against	For	For
	<p><i>Voting Policy Rationale: Vote FOR this shareholder proposal. Similar to last year, the bank will be holding its 2024 annual shareholder meeting in hybrid format. However, in its response, the board indicates that despite its current hybrid meeting format, virtual-only meetings may support the bank's environmental objectives, reduce costs associated with annual shareholder meetings, provide shareholders with the same rights and opportunities, and increase flexibility. While many investors recognize the potential benefits of enabling participation at shareholder meetings via electronic means as a potential enhancement to shareholder rights, especially when combined with a physical meeting, they also raise concerns about moves to eliminate physical shareholder meetings, arguing that virtual-only meetings may hinder meaningful exchanges between management and shareholders, enable management to avoid uncomfortable questions, increase the likelihood of marginalizing certain shareholders, and contribute to an erosion of shareholder rights. In addition, compelling investor feedback indicates that a significant majority of shareholders want to retain the ability to attend shareholder meetings in person, even if in a given year they elect to participate only virtually. Furthermore, if unforeseen circumstances arise, companies governed by the Bank Act can hold a virtual meeting in lieu of an in-person meeting by obtaining a court order. In the absence of any extenuating circumstances preventing the bank from holding an in-person meeting, a vote FOR the proponent's request is warranted at this time.</i></p>				
5	SP 5: Disclose Non-Confidential Information Relating to the Bank's Country-by-Country Reporting	SH	Against	For	For
	<p><i>Voting Policy Rationale: A vote FOR this proposal is warranted as public disclosure of the requested information would enhance the company's tax transparency and overall calculation of compensation ratios.</i></p>				
6	SP 6: Report on Loans Made by the Bank in Support of the Circular Economy	SH	Against	For	For
	<p><i>Voting Policy Rationale: A vote FOR this proposal is warranted as shareholders would benefit from additional information regarding the company's sustainability commitments and management of related risks.</i></p>				
7	SP 7: Advisory Vote on Environmental Policies	SH	Against	For	For
	<p><i>Voting Policy Rationale: A vote FOR this proposal is warranted. Additional information on the company's plan to reduce its GHG emissions would allow investors to better understand how the company is managing its climate change related risks and it would allow shareholders to express their opinions on the climate risk management practices of the company.</i></p>

10	Approve 2024 Group Incentive System	Mgmt	For	For	For
	<i>Voting Policy Rationale: A qualified vote FOR is warranted because: * The long-term objectives attached to the plan may prove undemanding, with a significant qualitative component left to board discretion. * The plan includes a compensatory mechanism according to which the over-achievement of one or more goals can offset the potential underperformance of other objectives. The main reasons for support are: * Overall disclosure on the linkage between company performance and executive pay remains good, with clear quantitative performance conditions and targets. * Though more stretching targets could have been envisioned given the large corresponding payouts, the short-term performance conditions are not unchallenging. * No other material concerns have been noticed.</i>				
11	Approve Employees Share Ownership Plan	Mgmt	For	For	For
	<i>Voting Policy Rationale: A vote FOR is warranted as the features of the proposed plan are not problematic.</i>				
	Extraordinary Business	Mgmt			
1	Authorize Board to Increase Capital to Service the 2022 Group Incentive System	Mgmt	For	For	For
	<i>Voting Policy Rationale: This item warrants a vote FOR in the absence of major concerns over the proposed capital increase and the corresponding pay practices in 2022.</i>				
2	Authorize Board to Increase Capital to Service the 2023 Group Incentive System	Mgmt	For	For	For
	<i>Voting Policy Rationale: Despite last year's increase in CEO pay and the consequent very generous CEO package, these items warrant a vote FOR considering the lack of major pay-for-performance misalignments during the year under review. Some additional concerns are raised by the limited disclosure on extraordinary payments to key managers (other than the CEO).</i>				
3	Authorize Board to Increase Capital to Service the Long Term Incentive Plan 2020-2023	Mgmt	For	For	For
	<i>Voting Policy Rationale: This proposal merits a vote FOR because the 2020-2023 long term incentive plan is overall unproblematic.</i>				
4	Authorize Cancellation of Treasury Shares without Reduction of Share Capital; Amend Article 5	Mgmt	For	For	For
	<i>Voting Policy Rationale: A vote FOR is warranted because the company has provided a valid rationale in support of these proposals and the underlying distribution policy is backed by UniCredit's positive results and robust capital structure. However, these items merit special attention as the maximum volume of the share repurchase program exceeds 10 percent of the issued share capital.</i>

1	Approve Merger Agreement	Mgmt	For	For	For
	<i>Voting Policy Rationale: The sales process was thorough, shareholders are receiving a sizable premium, there is a potential downside risk of non-approval, and there is certainty of value in NCS's cash offer. Despite concerns regarding regulatory approval, there are no alternative offers for shareholders to consider at this time. Given these factors, support FOR the proposed transaction is warranted.</i>				
2	Advisory Vote on Golden Parachutes	Mgmt	For	Against	Against
	<i>Voting Policy Rationale: Although potential cash severance is reasonable, there are significant concerns regarding equity award treatment. NEOs' outstanding equity awards will auto-accelerate (single trigger), and performance awards may be settled at the maximum level of performance, which is considered problematic. Accordingly, a vote AGAINST this proposal is warranted.</i>

1	Approve Merger Agreement	Mgmt	For	For	For
	<i>Voting Policy Rationale: A vote FOR this proposal is warranted, given the reasonably thorough sales process, the premium to the stock's five-year high closing price and to the acquirer's initial offer, and the cash form of consideration, which provides liquidity and certainty of value to HAYN shareholders.</i>				
2	Advisory Vote on Golden Parachutes	Mgmt	For	For	For
	<i>Voting Policy Rationale: A vote FOR the proposal is warranted. Though equity will auto-accelerate at the time of merger, cash severance is double trigger and of a reasonable basis, with no excise tax gross-ups payable. Further, though some NEOs will receive a retention bonus, the amounts appear modest, and a portion will only pay out if the NEO remains with the company post-merger.</i>

<i>Voting Policy Rationale: A vote FOR this proposal is warranted based on the following considerations: * The company is ahead of its scope 1 & 2 emissions reduction targets in 2023; and * The company has calculated and submitted new, updated targets to SBTi for approval. The latter mitigates concerns over the company's previous climate strategy that did not include any scope 3 emissions targets (see "Emissions reduction targets" above). However, this is not without the following concerns: * The updated strategy omits to set targets for scope 3 category 11, which represents 67.1 percent of the company's scope 3 emissions (62.5 percent in 2019). This category's emissions have decreased by 6.2 percent since base year 2019. The company says that the Scope 3 footprint reduction achieved in 2023 was mainly due to the introduction of a more sustainable aircraft fleet by airlines, as well as collaborative initiatives with third parties implemented during 2023; * As Aena forecasts growing demand of its services, the reduction in category 11, especially Landing and Take-Off cycle, is likely to be the main challenge for the company; and * The company provides insufficient information on the quantification of risks and opportunities in either financial or GHG terms.</i>

6	SP 1: Disclose the CEO Compensation to Median Worker Pay Ratio on an Annual Basis	SH	Against	For	For
	<i>Voting Policy Rationale: A vote FOR this resolution is warranted for the following reasons: * Enhanced disclosures of pay disparities between executives and regular employees could allow for more informed and contextual assessments by shareholder of whether executive compensation practices are reasonable and fair; and * Excessive pay disparities between senior executives and rank-and-file employees could pose risks to long-term shareholder value, and impact employee morale as well as a company's standing in the communities in which it operates.</i>				
7	SP 2: Disclose Transition Activities Towards 2030 Emission Reduction Targets	SH	Against	For	For
	<i>Voting Policy Rationale: A vote FOR this proposal is warranted, as added disclosure in relation to the company's 2030 Emissions Reduction and Net-Zero Goals would help ensure stronger alignment between the company's policies and actions. Adoption of the resolution would also provide shareholders with a better understanding of the company's management and oversight of related risks.</i>

8	SP 3: Introduce Incentive Compensation for All Employees Against ESG Objectives	SH	Against	Against	Against
	<p><i>Voting Policy Rationale: A vote AGAINST this shareholder proposal is warranted at this time. The bank has disclosed its ESG framework, goals and progress made towards them in its 2023 Sustainability Report. In addition, the bank has a clear and robust oversight structure for ESG governance. The bank incorporates a number of ESG factors into the key metrics used to determine the variable compensation pool for the senior executive team. While tying a portion of all employees compensation to ESG goals may further enhance the bank's focus on ESG goals, employee interests appear to be sufficiently aligned with company performance by evaluating individual performance objectives against their roles. In addition, some employees may have limited influence over ESG metrics and performance due to the nature of their specific roles and responsibilities, making it difficult to link and track compensation with ESG metrics for all employees. In light of the above, the proponent's request appears to be overly prescriptive. As such, a vote AGAINST this shareholder proposal is warranted at this time.</i></p>				
9	SP 4: Disclose Non-Confidential Information Relating to the Bank's Country-by-Country Reporting	SH	Against	For	For
	<p><i>Voting Policy Rationale: Vote AGAINST this shareholder proposal. The bank has disclosed the settlements of proceedings which may be material to the bank in the financial statements. Additional disclosure of all settlements would increase the bank's risks and cost without apparent benefits to shareholders.</i></p>				
10	SP 5: Advisory Vote on Environmental Policies	SH	Against	For	For
	<p><i>Voting Policy Rationale: A vote FOR this proposal is warranted. Additional information on the company's plan to reduce its GHG emissions would allow investors to better understand how the company is managing its climate change related risks and it would allow shareholders to express their opinions on the climate risk management practices of the company.</i></p>				
11	SP 6: Report on Impact of Oil and Gas Divestment	SH	Against	Against	Against
	<p><i>Voting Policy Rationale: A vote AGAINST this shareholder proposal is warranted at this time. The bank's disclosure is aligned with industry best practices and already meets the proponents request that the bank disclose its exposure to oil and gas divestment. The proponents request that the bank further qualify and quantify the impacts of divestment from the Canadian oil and gas sector on shareholder value and other relevant economic analysis is overly prescriptive and goes beyond industry best practices and existing or upcoming regulatory frameworks.</i></p>				
12	SP 7: Report on All Out-of-Court Settlements	SH	Against	Against	Against
	<p><i>Voting Policy Rationale: Vote AGAINST this shareholder proposal. The bank has disclosed the settlements of proceedings which may be material to the bank in the financial statements. Additional disclosure of all settlements would increase the bank's risks and cost without apparent benefits to shareholders.</i></p>				
13	SP 8: Establish an All Out-of-Court Settlements Committee	SH	Against	Against	Against
	<p><i>Voting Policy Rationale: A vote AGAINST this proposal is warranted as the proposal is unduly prescriptive, given the potential limit on the bank's flexibility to determine an appropriate oversight mechanism for itself without assurance of enhanced oversight. In addition, no strong rationale for the proposal has been provided.</i></p>				
14	SP 9: Provide All Employees the Same Amount of Benefit Credits	SH	Against	Against	Against
	<p><i>Voting Policy Rationale: Vote AGAINST this shareholder proposal. The proposal appears to be overly prescriptive to dictate the design of the bank's benefits program. The bank's benefits program that permits employees with more than one dependent receiving more benefit credits than employees without dependents appears to comply with all applicable laws and is consistent with the bank's culture to support employees and their families.</i></p>

3	Advisory Vote to Ratify Named Executive Officers' Compensation	Mgmt	For	Against	Against
	<i>Voting Policy Rationale: The compensation committee demonstrated sufficient responsiveness to last year's failed say-on-pay vote. However, there are pay magnitude and structure concerns that underscore a pay-for-performance misalignment. The CEO and NEO were awarded front-loaded equity awards that cover five years of incentive pay; the awards are entirely performance-conditioned and linked to far-reaching stock price hurdles, although the magnitude is outsized and locks in high pay opportunities over a prolonged period. There are also other pay design concerns identified, including a complex regular performance LTI design. In light of these concerns, a vote AGAINST this proposal is warranted.</i>

2	Advisory Vote to Ratify Named Executive Officers' Compensation	Mgmt	For	Against	Against
	<i>Voting Policy Rationale: A vote AGAINST this proposal is warranted due to the following concerns: * A majority of equity awards to the CEO are not tied to performance-contingent pay elements; and * High CEO pay relative to company performance compared to the company's peers.</i>

	<i>Voting Policy Rationale: Based on an evaluation of the estimated cost, plan features, and grant practices using the Equity Plan Scorecard (EPSC), a vote AGAINST this proposal is warranted due to the following key factors: * The plan cost is excessive; * The three-year average burn rate is excessive; * The disclosure of change-in-control ("CIC") vesting treatment is incomplete (or is otherwise considered discretionary); * The plan permits liberal recycling of shares; and * The plan allows broad discretion to accelerate vesting.</i>

13	Approve Remuneration Policy	Mgmt	For	For	For
	<i>Voting Policy Rationale: A vote FOR this item is warranted, although it is not without concerns: * The variable pay opportunity has been increased for both the EDs. For the CEO, annual bonus opportunity will increase from 180% to 200% of salary, and RSP quantum will increase from 125% to 175% of salary. The CFO's bonus opportunity will increase from 160% to 175% of salary, and opportunity under the RSP will increase from 100% to 125% of the base salary. The main reasons for support are: * The Company has provided a cogent rationale, based principally on competition with the US market, where a large portion of its revenues derive. The explanation also hinges on the c.37% growth in market cap since the policy was last submitted. * When the long-term plans were replaced by an RSP in 2021, the discount to the original performance-based vehicles was greater than 50%. * RSP underpins have been strengthened. * The bonus opportunity is in line with companies of a similar size. * The shareholding requirement has been increased.</i>

	<p><i>Voting Policy Rationale: A vote FOR the proposed independent directors under Social Advisory Services Policy, key committee members, and secretaries, presented under Items 3b.9-3d.3 is warranted because: * The company has provided timely disclosure of the proposed nominees and presented the election under unbundled items, allowing shareholders to vote individually on the proposed director candidates; * It would be counterproductive to vote against directors classified as independent under Social Advisory Services voting guidelines; and * There are no known concerns regarding the committee members, or secretaries. A vote AGAINST Guillermo Ortiz Martinez (Item 3b.8) is warranted because the director serves on more than five public company boards and is therefore considered overboarded under Social Advisory Services policy. A vote AGAINST the remaining non-independent nominees presented under Items 3b.1-3b.7 is warranted because although the company has disclosed the names of its director nominees, the proposed board's overall level of independence fails to meet the growing expectations of institutional shareholders.</i></p>

2	Advisory Vote to Ratify Named Executive Officers' Compensation	Mgmt	For	For	For
	<i>Voting Policy Rationale: A vote FOR this proposal is warranted, with caution. The discretionary nature of incentive award determinations along with a lack of certain key disclosures continues to raise some concern. However, these concerns have not contributed to a quantitative pay-for-performance misalignment. Additionally, financial metrics considered under the scorecard assessment were largely consistent with the prior year and LTI awards are entirely based on clearly-disclosed multi-year goals. A quantitative pay-for-performance misalignment going forward may be met with increased scrutiny of pay program structure and disclosures.</i>

Voting Policy Rationale: A vote FOR the annual accounts, annual report, and auditor's report for the fiscal year in review is warranted.

Voting Policy Rationale: There are some concerns regarding ex-post target disclosure and an elevated rate of (potential) equity dilution, although the latter largely results from the merger. However, a vote FOR the remuneration report is warranted at this time as the company's remuneration practices are broadly in-line with market practice.

Voting Policy Rationale: A vote FOR the approval of the company's non-financial report is warranted due to a lack of significant concerns.

Voting Policy Rationale: A vote FOR the allocation of income resolution is warranted due to a lack of concerns.

Voting Policy Rationale: A vote FOR this proposal is warranted, although the following concern is noted: If the relevant trigger event or viability event were to occur and this conversion capital is issued, this would result in a dilution for current shareholders. The main reasons for support are: These shares may only be used to reinforce the equity base and to prevent or overcome a crisis, which appears highly unlikely considering the company's current capital ratio. The board has provided a compelling rationale for this proposal in the context of investor expectations regarding these instruments.

Voting Policy Rationale: A vote FOR the formal discharge of the board of directors and senior management is warranted, as there is no evidence that the board and senior management have not fulfilled their fiduciary duties.

Voting Policy Rationale: Votes FOR the proposed nominees are warranted due to a lack of governance concerns and controversy surrounding the board of directors.

	<i>Voting Policy Rationale: A vote FOR this resolution is warranted, although it is not without concern for shareholders because: * The Company is transitioning from its DFSS Bonus arrangement to an annual bonus under which maximum opportunity for EDs will be at 200% of salary. The Company has provided limited rationale for the change, and it already has a competitively positioned maximum LTIP opportunity standing at a maximum of 500% of salary. The main reasons for support are: * The introduction of the annual bonus aligns the Company's practices with more typical market practice, and dividend equivalent shares are not an atypical arrangement in LTIPs. * In practice, over the last two years, the opportunity at grant under LTIP awards has not been above 300% of base salary.</i>

	<i>Voting Policy Rationale: A vote AGAINST is warranted, because the proposed remuneration report is below par in relation to market standards, particularly with regard to disclosure of the performance achievement of non-financial metrics for the STI award, which does not allow shareholders to assess the stringency of the total STI payout. Furthermore, we note that 50 percent of the LTI award is not performance based (stock options). We do note that the company improved disclosure regarding the actual STI payout for other executives, performance targets and achievement of STI financial metrics and the actual 2023 LTI grant (RSUs and stock options). Considering the disclosure being below par and not sufficient to fully understand the alignment between pay and performance and the rigor of target setting, support is not warranted.</i>

	<i>Voting Policy Rationale: A vote FOR this remuneration policy is warranted, although the company provides limited information regarding the benchmarking exercise to assess the consequences of the proposed increase in the fixed remuneration. The main reason to support are: * The proposed increase seems to be reasonable, following the assessment of the benchmarking exercise based on Social Advisory Services sources. The proposed fixed remuneration and potential remuneration would barely reach the median level of the selected peer group. * The absence of any other significant concern.</i>

16	Approve Company's Ambition to Reduce Greenhouse Gas Emissions from its Operating Buildings (Advisory)	Mgmt	For	For	For
	<i>Voting Policy Rationale: A vote FOR the company's climate transition plan is warranted although it raises some concerns: * The company aims to drastically reduce its GHG emissions by 2030 for scope 1&2 and partial scope 3 and offset residual emissions, without specifying its reduction goal. * There are no emission reduction targets in absolute targets but only specified in intensity. * Information on the quantification of climate-related risks and opportunities is limited. * The information regarding Capex to implement the climate transition plan is limited. The main reasons for support are: * The company's climate transition plan was validated by SBTi through the validation route for SMEs. * The CRREM initiative considered two-thirds of its portfolio as in line with a +1.5°C trajectory. * The company's CAN0P-2030 plan goes beyond SBTi-approved targets and aims at reducing drastically emissions and reach a path to net zero. * Upon engagement, the company explains that emission reduction targets will be set following a thorough data collection. * Upon engagement, the company clarified that it intends to renew a say on climate vote within a short period of time, to validate updated targets for its climate plan.</i>

3	Approve Remuneration Report	Mgmt	For	For	For
	<i>Voting Policy Rationale: A vote FOR this item is considered warranted, although it is not without concern: * CEO David Schwimmer received a significant salary increase of 37.5% for FY2024, which when coupled with the changes to the variable pay schemes, will result in a significant increase to his total remuneration opportunity. * The recently appointed CFO's base salary has been set at a 13% premium to that of his predecessor. * CEO David Schwimmer received benefits of GBP 229,000, representing a c.69% increase relative to the previous year. The main reasons for support are: * The Company has provided a compelling rationale for the increases to salary and variable pay opportunities, citing growth of the Company since David Schwimmer's appointment, resulting in a transformation to a technology, data-driven organisation. Furthermore, the remuneration positioning reflects the Company's narrative of its increased footprint and should be considered in the context of the previous CFO's departure. * The Company provides a general description for the benefits paid to David Schwimmer, as well as a reason for the increased benefits.</i>

4	Advisory Vote to Ratify Named Executive Officers' Compensation	Mgmt	For	For	For
<p><i>Voting Policy Rationale: A vote FOR this proposal is warranted. Although some concern exists regarding lower year-over-year annual incentive goals and the use of annually-set targets for long-term performance awards, CEO pay declined significantly in FY23, and annual and long-term incentives were sufficiently performance-based. In addition, the Compensation Committee exercised negative discretion so that no annual bonuses were earned when performance on financial goals was unmet, and closing cycle long-term performance awards did not vest, in line with underperforming TSR.</i></p>

	<i>Voting Policy Rationale: A vote FOR is warranted, because the report is in line with best market practices and the company improved disclosure regarding STI performance outcomes. However, support is qualified because this is not without some level of concern for the following aspects of reporting: * The STI and LTI targets are not retrospectively disclosed, which does not allow the shareholders to assess the stringency of these plans; * The relatively high benefit payments to the CEO without clear disclosure what the EUR 745,357 entails; and * The LTI performance outcomes have a lag, as the report only reports on vesting of the 2020-2022 LTI plan, instead of the 2021-2023 plan.</i>				
6	Approve Remuneration Policy	Mgmt	For	For	For
	<i>Voting Policy Rationale: A qualified vote FOR is warranted because the proposed remuneration policy is broadly in line with market practice, regarding both actual content and disclosure. It would be highly preferable to obtain more details targets of the STI and LTI, so that investors can assess the stringency of these plans; and * Although the board remains to have discretion, the clarification is intended to explain this is only applicable in case of unreasonable outcomes and will be explained by the board.</i>

In line with last year, we note that the company provided improved disclosure (threshold, targets, maximum and achievement) on the financial metrics of the STI plan and performance metrics of the LTI plan, while also providing forward looking disclosure with respect to 2024 performance metrics. However, we still raise concerns as there is no further disclosure regarding the individual performance STI metrics (50% weight, 100% achievement), which does not allow shareholders to assess the stringency of the pay for performance assessment. Additionally, a sign-on bonus of EUR 500.000 (87 percent of base salary) is granted to management board member Veerle Slenders, without a compelling rationale.</i>

4	Advisory Vote on Executive Compensation Approach	Mgmt	For	For	For
	<i>Voting Policy Rationale: Vote FOR this non-binding advisory vote. The quantitative pay-for-performance screen has identified a medium concern driven by the company's relative degree of pay-and-performance alignment (RDA). The 2023 CEO pay increased marginally year over year, and company's TSR outperformed the GICS group both in the last year and over a longer term. At the previous two annual shareholder meetings, the company's say-on-pay resolutions failed to garner majority support. In 2023, the company sought feedback from shareholders and responded with a few adjustments to the executive compensation approach which appeared to have improved the overall pay-and-performance alignment. As such, a vote FOR is warranted for this say on pay resolution at this time. Nevertheless, Social Advisory Services will continue to monitor the company for any potential CEO pay and company performance misalignment.</i>

	<i>Voting Policy Rationale: A vote AGAINST this item is considered warranted because: * The Company's remuneration policy received significant dissent at the 2023 AGM (46% against) in light of concerns around the substantial increase in both the annual bonus and LTIP maximum opportunities. Despite the level of dissent recorded, no material actions have been taken to the remuneration arrangements to address the concerns. * Concerns remain on the subjective nature of the Co-Investment Award's performance underpins and their sufficiency and appropriateness to justify the substantial payout. It is, however, recognised that the Remuneration Committee has provided commentary in the annual report on its assessment of the performance underpins. This scheme was previously supported by majority of shareholders, albeit not without notable dissents.</i>

The main reasons for support are: * The annual bonus scorecard is largely quantitative in nature. * The Company utilised downward discretion for some metric outcomes. * The annual bonus has served as the primary vehicle through which variable pay has been delivered in recent years, as performance targets under the VCP have not been achieved. This is also set to continue, given that awards have yet to be made under the newly proposed PSP. * No other concerns in relation to remuneration outcomes for the year under review have been identified.</i>

5	Approve Auditors' Special Report on Related-Party Transactions	Mgmt	For	Against	Against
	<i>Voting Policy Rationale: A vote AGAINST this proposal is warranted because: * The company failed to provide sufficient information concerning a consulting agreement entered into with Studio des Fleurs. It is therefore impossible to ascertain that the continuation of this agreement is in shareholders' interests; and * The company fails to provide comprehensive information regarding the transactions with RDAI. In this context, it is impossible to ascertain that the continuation of transactions with RDAI is in the interest of all shareholders.</i>

7	Approve Compensation Report of Corporate Officers	Mgmt	For	Against	Against
	<i>Voting Policy Rationale: A vote AGAINST this remuneration report is warranted as: * The discretionary power to set executives' remunerations lies in the hands of the General Partner, which is the same legal entity as one of the General Managers and is controlled by the family of the other General Manager, leading to an important conflict of interest; * The pay equity ratio's perimeter is not relevant to all the company's employees; and * As previous years, the company remains unresponsive about last AGM's significant dissent on compensation-related items.</i>				
8	Approve Compensation of Axel Dumas, General Manager	Mgmt	For	Against	Against
	<i>Voting Policy Rationale: Votes AGAINST these remuneration reports are warranted because the discretionary power to set executives' remunerations lies in the hands of the general partner, which is the same legal entity as one of the general managers and is controlled by the family of the other general manager, leading to an important conflict of interest. The structure of the statutory remuneration seems biased as the methodology used to fix the base salary is inherently inflationist (indexed upward only on previous year results) and as the variable remuneration is nearly uncapped.</i>

11	Approve Remuneration Policy of General Managers	Mgmt	For	Against	Against
	<i>Voting Policy Rationale: A vote AGAINST this remuneration policy is warranted, despite the proposal to add an annual cap to the raise of the executives' fixed salary, because: * The discretionary power to set executives' remunerations lies in the hands of the General Partner, which is the same legal entity as one of the General Managers and is controlled by the family of the other General Manager, leading to an important conflict of interest; * The structure of the statutory remuneration seems biased as the methodology used to fix the base salary is inherently inflationist (indexed upward only on previous year results) and as the variable remuneration is nearly uncapped; * Adding an annual cap to the fixed salary increases would not entirely remove those systemic issues; and * The company does not provide any rationale supporting the addition of a new pension scheme for Axel Dumas.</i>

However, support is qualified because the amendments would also allow the possibility to hold virtual general meetings until the end of 2028, and the company has not explained under which circumstances it would hold meetings in the virtual and/or in-person format. Nevertheless, we do note that: * The authorization is limited until Dec. 31, 2028. * This year's AGM is being held in-person. * A shareholder minority of 5 percent can demand that the next ordinary shareholders' meeting be held in presence or hybrid if the previous meeting was virtual (in line with Austrian law). * Shareholders' participation rights in the virtual format would be protected (in line with Austrian law).</i></p>

	<i>Voting Policy Rationale: A vote FOR this proposal is warranted, with caution. While some concerns are raised regarding the discretionary nature of incentive award determinations and the absence of certain shareholder-friendly disclosures, these issues have not resulted in a quantitative pay-for-performance misalignment. Additionally, financial metrics considered were largely consistent with the prior year and LTI awards were majority performance-conditioned based on clearly-disclosed multi-year goals. A quantitative pay-for-performance misalignment going forward may be met with increased scrutiny of pay program structure and disclosures.</i>

4	Approve Climate Transition Action Plan	Mgmt	For	For	For
<p><i>Voting Policy Rationale: Qualified FOR this resolution is considered warranted. Regarding emissions reporting, the emission breakdown fails to provide insight into the extent of near-term goals covered emissions regarding Scope 3. Scope 3 emissions have not been verified by a third-party assurance and the Company did not submit its net zero ambition to the SBTi. Notwithstanding, the Company has continued to commit to achieve net zero emissions by 2039, detailing its action areas and advocacies by 2030. Also, the following main amendments to the plan are deemed sensible: * the new, near-term Scope 3 emission reduction targets following improvements to the Company's GHG emissions measurement, although they comprise c. 71% of the emissions in scope of the net zero ambition by 2039 as they exclude two notable emissions categories: indirect procurement, and third-party contract manufacturing outside of India; * the continued focus on absolute emissions reductions rather than carbon offsetting, and * the shift to focus on the specific Scope 3 emissions. It is also noted that shareholders will vote on the Company's climate plan through an advisory vote every three years.</i></p>

4	Approve Climate-Related Financial Disclosure	Mgmt	For	For	For
	<i>Voting Policy Rationale: A vote FOR this item is considered warranted, the main reasons for support are: * The Company is committed to net zero by 2040, covering all aspects of its business. This means that the Company's target exceeds its commitments under the UN Net Zero Asset Owner Alliance to transition investment portfolios to net zero by 2050. * The Company has reached and exceeded its sustainable finance targets for 2025 in advance. * The Company's continuation to put forward its climate-related disclosures for an advisory shareholder vote on an annual basis is in line with the Say on Climate campaign call for annual votes. This ensures that shareholders are provided a recurring say on what is a rapidly developing area. However, this is not without concerns: * The Company does not include investee Scope 3 emissions (Scope 3 of Scope 3) in its estimates of investee emissions, nor has it set targets including this Scope 3. * The Company's fossil fuel position does not provide limitations regarding oil and gas companies other than those involved in Arctic Oil and Oil Sands. * The Company does not provide the associated costs with physical and transition risks.</i>

<p><i>Voting Policy Rationale: A vote FOR the proposal is warranted, with caution. Certain structural concerns in the incentive pay programs are still present, including the degree of committee discretion regarding STI awards and the lack of performance-based equity awards in FY23. The framework for determining total pay incorporates a significant degree of discretion and lacks transparency and key disclosures, which adds to pay program complexity. While certain concerns are raised regarding goal rigor in both programs, annual incentives were paid below target and long-term incentives are majority performance-based, with an additional holding period following vesting.</i>

Voting Policy Rationale: WITHHOLD votes are warranted for incumbent nominating committee members Stephen (Steve) Burke, Kenneth (Ken) Chenault, Charlotte Guyman and Thomas Murphy Jr. for lack of diversity on the board. WITHHOLD votes are warranted for governance committee members Stephen (Steve) Burke, Kenneth (Ken) Chenault, Charlotte Guyman, and Thomas Murphy Jr., due to the company maintaining a multi-class share structure with disparate voting rights, which is not subject to reasonable time-based sunset. WITHHOLD votes are warranted for compensation committee members Stephen Burke, Kenneth Chenault, Charlotte Guyman, and Thomas Murphy Jr. due to persistent concerns regarding executive pay practices and disclosures. These issues call into question whether the compensation committee is providing adequate oversight and indicates poor stewardship. WITHHOLD votes are warranted for the incumbent chair of the audit committee, Susan (Sue) Decker, because the company is not aligned with investor expectations on Net Zero by 2050 targets and commitments. Significant risks to shareholders stemming from moderate to severe ESG controversies have been identified at the company, which reflects a failure by the board to proficiently guard against, manage and mitigate material environmental, social and governance risks. In addition, the company does not have any public reports or information on its website about its sustainability strategy or communications regarding its environmental and social performance. WITHHOLD votes for CEO/Chair Warren Buffett are warranted given that the CEO and chair of the board ultimately shoulders the most responsibility amongst all board members for failing to effectively supervise the management of risks to the company and its shareholders and should therefore be held the most accountable for poor board oversight of ESG risk exposures at the firm. A vote FOR the other director nominees is warranted.

Voting Policy Rationale: WITHHOLD votes are warranted for incumbent nominating committee members Stephen (Steve) Burke, Kenneth (Ken) Chenault, Charlotte Guyman and Thomas Murphy Jr. for lack of diversity on the board. WITHHOLD votes are warranted for governance committee members Stephen (Steve) Burke, Kenneth (Ken) Chenault, Charlotte Guyman, and Thomas Murphy Jr., due to the company maintaining a multi-class share structure with disparate voting rights, which is not subject to reasonable time-based sunset. WITHHOLD votes are warranted for compensation committee members Stephen Burke, Kenneth Chenault, Charlotte Guyman, and Thomas Murphy Jr. due to persistent concerns regarding executive pay practices and disclosures. These issues call into question whether the compensation committee is providing adequate oversight and indicates poor stewardship. WITHHOLD votes are warranted for the incumbent chair of the audit committee, Susan (Sue) Decker, because the company is not aligned with investor expectations on Net Zero by 2050 targets and commitments. Significant risks to shareholders stemming from moderate to severe ESG controversies have been identified at the company, which reflects a failure by the board to proficiently guard against, manage and mitigate material environmental, social and governance risks. In addition, the company does not have any public reports or information on its website about its sustainability strategy or communications regarding its environmental and social performance. WITHHOLD votes for CEO/Chair Warren Buffett are warranted given that the CEO and chair of the board ultimately shoulders the most responsibility amongst all board members for failing to effectively supervise the management of risks to the company and its shareholders and should therefore be held the most accountable for poor board oversight of ESG risk exposures at the firm. A vote FOR the other director nominees is warranted.

	<i>Voting Policy Rationale: A vote FOR this proposal is warranted as pay and performance are reasonably aligned for the year in review. There are concerns regarding the long-term incentives, which are majority time-based for the CEO and entirely time-based for NEOs. However, the planned introduction of PSUs into the LTI program in FY24 may mitigate this concern moving forward. Further, annual incentives were primarily determined by pre-set financial metrics with targets that were set higher than the prior year.</i>

However, the concern regarding the grant of stock options to non-executives is partly mitigated by the fact that the proposed remuneration policy for 2024 includes a clause that terminates performance-based grants to non-executives. 6	Approve Remuneration Policy of Chairman and CEO	Mgmt	For	Against	Against
	<i>Voting Policy Rationale: A vote AGAINST this remuneration policy is warranted because of the several shortcomings regarding the LTI remuneration: * The company proposes a 27-percent increase of the LTI grant following a benchmark study on a peer group of selected CAC 40 companies. In addition, the company does not specify where the executive's remuneration would rank compared to peers, following the approval of such increase by the AGM. * This is the third proposed increase of the executive's remuneration package over three consecutive years. The rationale brought by the company to support such an increase is not compelling enough. * The performance criteria related to EBITDA and relative TSR could allow vesting below guidance/median. * The targets under the CSR objectives may not be seen challenging enough as all targets set for end of FY 2026 are already achieved. In addition, it could still allow 100% payout if two out of the three underlying criteria are met. * The LTI structure could still allow compensation effects between criteria, despite the risk materialized under the 2021 LTI plan (see Item 10 below).</i>

9	Approve Compensation Report of Corporate Officers	Mgmt	For	For	For
	<i>Voting Policy Rationale: A vote FOR this remuneration report is warranted, although the following concerns are raised: * The company proposes a 27-percent increase of the potential LTI grant, without a compelling rationale. This is the third proposed increase of the executive's remuneration package over three consecutive years (see Item 6 above). The main reason for support is: * In response to shareholders' dissent, the board decided to amend the 2025 LTI plan which will no longer allow any vesting below median under the relative TSR criterion.</i>				
10	Approve Compensation of Bertrand Dumazy, Chairman and CEO	Mgmt	For	Against	Against
	<i>Voting Policy Rationale: A vote AGAINST this remuneration report is warranted because: * The risk of compensation effects materialized under the 2021 LTI plan. Both the EBITDA and the CSR related criteria reached their individual max cap while the relative TSR criterion was not wholly achieved and even vested below median performance. * Under the 2023 LTI plan, the criteria related to the EBITDA and relative TSR would allow vesting below guidance/median. * The targets underlying the CSR criteria of the 2023 LTI plan may not be seen as stringent enough since they are already achieved.</i>

	<i>Voting Policy Rationale: A vote FOR this proposal is warranted, with caution. There are concerns regarding goal rigor of relative metrics in the STI and LTI programs, which can allow for target payout despite underperforming a majority of the peer group. These concerns are heightened by the relatively large annual bonus opportunity and a lack of a true threshold goal. i.e., underperformance of every company in the peer group still results in a reduced payout instead of no payout. Nonetheless, pay and performance were aligned for the year in review, the short-term incentive is primarily based on pre-set financial metrics, and the long-term incentive is entirely in performance-conditioned equity.</i>

2	Advisory Vote to Ratify Named Executive Officers' Compensation	Mgmt	For	For	For
<p><i>Voting Policy Rationale: A vote FOR this proposal is warranted since the quantitative pay-for-performance misalignment is sufficiently mitigated for the year under consideration. Concerns exist regarding the committee's discretionary increase to annual bonuses, as well as the poor disclosure of achievements for closing-cycle performance options. However, the STI was based on pre-set objective metrics with targets that appear rigorous, and equity awards are majority performance-conditioned. Further, former CEO Burwick's realizable pay shows directional alignment with the company's three-year stock price performance.</i></p>

<p><i>Voting Policy Rationale: A vote FOR this proposal is warranted, as CEO pay and company performance are reasonably aligned at this time. Although the lack of forward-looking performance goal disclosure under the annual LTI program inhibits investors' ability to assess the rigor of the program, payouts under both the STI and LTI were commensurate with recent and longer-term company performance. Moreover, several special equity awards were granted to certain NEOs in light of executive changes; however, half of all sign-on and promotional awards for such NEOs were performance-conditioned, with multi-year performance periods, mitigating concerns.</i></p>

<i>Voting Policy Rationale: A vote FOR the remuneration report is considered warranted. It is noted for shareholder awareness that the FY2024 LTIP award has been set at the exceptional level of 300% of base salary (90% of base salary for restricted awards and 210% for performance awards). However, although certain features of remuneration differ from UK practice, the Company is based in Chile. As a result, this increased opportunity is not being treated as a material concern.</i>

3	Advisory Vote to Ratify Named Executive Officers' Compensation	Mgmt	For	For	For
<p><i>Voting Policy Rationale: A vote FOR this proposal is warranted as pay and performance are reasonably aligned for the year in review. In addition, annual incentives were entirely determined by pre-set objective metrics, and the committee did not exercise its discretion to upwardly adjust final payouts, which has been a noted concern in previous years. In addition, the performance-based portion of the long-term incentive was increased in FY23. However, certain concerns persist around target setting under the annual incentive and the lack of disclosed forward-looking performance targets for PUs.</i></p>					
4	Establish Railroad Safety Committee	SH	Against	For	For
<p><i>Voting Policy Rationale: By establishing a dedicated Railroad Safety Committee, the company will have a centralized device to continue, ensure, and promote its Railroad Safety and risk mitigation initiatives. The adoption of this resolution will also solidify the company's commitment to prevent future incidents by monitoring staffing levels, equipment conditions, and train lengths. As such, support FOR this proposal is warranted.</i></p>

	<i>Voting Policy Rationale: A vote FOR the remuneration report is considered warranted, although it is not without concern because: * The Company is proposing to increase the EDs' base salaries by 12% in FY2024. 	<i>Voting Policy Rationale: A vote FOR the remuneration policy is considered warranted, although it is not without concern because: * The Company is proposing to increase the annual bonus opportunity from 180% to 225% of base salary. This is to be viewed alongside the proposed 12% increase to the base salaries of the EDs for FY2024. The main reasons for support are: * Like the proposed increase to ED base salaries, the Company's explanation that this reflects the increased size and complexity of the business in the aftermath of the Terminix acquisition, is acknowledged. * The positive shareholder experience, as a result of the Company's performance in recent years, somewhat mitigates the proposed increase in remuneration opportunity.</i>

6.7	Appoint Marc Hayek as Member of the Compensation Committee	Mgmt	For	Against	Against
<p><i>Voting Policy Rationale: Board elections (Items 5.1 – 5.7) Votes AGAINST incumbent nominees Nayla Hayek, Georges (Nick) Hayek Jr., Daniela Aeschlimann, Claude Nicollier, Jean-Pierre Roth and Ernst Tanner are warranted for lack of diversity on the board. Votes AGAINST non-independent nominees (excluding the CEO) Nayla Hayek, Nick Hayek, Ernst Tanner, Daniela Aeschlimann, Claude Nicollier, and Jean-Pierre Roth are further warranted because of the failure to establish a sufficiently independent board. Votes AGAINST non-independent audit committee members Ernst Tanner, Daniela Aeschlimann, Claude Nicollier, Jean-Pierre Roth, Nayla Hayek, Marc Hayek, and Nick Hayek are also warranted due to the failure to establish a majority-independent committee. Votes AGAINST executive audit committee members Nayla Hayek (committee chair), Marc Hayek, and CEO Nick Hayek are additionally warranted because their membership is a breach of market best practice. Votes AGAINST Nayla Hayek, Nick Hayek, Marc Hayek, and Daniela Aeschlimann are further warranted because they are beneficiaries of the company's unequal voting structure. Board chair election (Item 5.8) A vote AGAINST Nayla Hayek as board chair is warranted because her election to the board does not warrant support. Committee elections (Items 6.1 – 6.7) Votes AGAINST non-independent nominee Ernst Tanner, Daniela Aeschlimann, Claude Nicollier, Jean-Pierre Roth, Nayla Hayek, Marc Hayek, and Nick Hayek are warranted because of the failure to establish a majority-independent committee. <i>Voting Policy Rationale: A vote FOR is warranted because there are no concerns regarding this proposal.</i>					
6	Approve Remuneration Report	Mgmt	For	Against	Against
<i>Voting Policy Rationale: A vote AGAINST this resolution is warranted because: * The high level of pension entitlements paid in the year under review (both under the legacy pension plan, but also under the alternative plan for new executives) remains of concern. * There are concerns regarding the pay for performance alignment with respect to realized CEO pay versus TSR performance. * During the year under review, performance of the STI was adjusted upward by 20 percent via the modifier for all executives. While the use of such a modifier is common German market practice, some shareholders may be concerned that disclosure is somewhat underdeveloped, particularly as the performance criterion used is measurable/quantifiable.</i>					
7	Approve Remuneration Policy	Mgmt	For	Against	Against
<i>Voting Policy Rationale: A vote AGAINST the remuneration policy is warranted because: * The proposed policy entails in-flight changes to running LTIP tranches, which is a breach of market best practice and the German Corporate Governance Code. * Despite changing from a legacy pension plan to a pension substitute in cash (for which the interest rate risk, longevity risk, etc. has shifted away from the company), the updated pension scheme still results in pension contributions that are excessive and not aligned with the wider workforce or market practice. Further concerns are noted because: * Termination provisions for two executives upon change-of-control allow for accelerated vesting, thus not in line with market best practice and the German Corporate Governance Code. However, we do note that all other current and future contracts are not affected and do not allow for accelerated vesting. * The supervisory board retains elements of discretion via the modifier under the STI, as well as under the general deviation clauses, which raise concerns.</i>

4	SP 1: Adopt ESG Incentive Pay for All Employees	SH	Against	Against	Against
	<i>Voting Policy Rationale: A vote AGAINST this shareholder proposal is warranted at this time. The company has an ESG component (NPS) already built into the performance assessments of all employees and senior executives, which has a direct impact on their variable compensation, and more specifically on the determination of their annual bonus. The company revised its Code of Business Conduct, to include a section specific to climate action. It also revised its Sustainability Policy to better integrate climate change into its levers and objectives, which include contributing to a sustainable future, something that cannot be done without everyone, including employees, playing their part. In addition, from 2024, the company plans to develop employee training and awareness activities to better integrate climate change into its operations. Based on the company's ESG disclosure and compensation structure, employee interests appear to be sufficiently aligned with company performance. In addition, some employees may have limited influence over certain ESG metrics and performance due to the nature of their specific roles and responsibilities, making it difficult to link and track compensation with ESG metrics for all employees. In light of the above, the proponent's request appears to be overly prescriptive and unnecessary.</i>

5	SP 2: Hold Annual Meetings of the Company in Person with Virtual Meetings as Complements	SH	Against	For	For
	<p><i>Voting Policy Rationale: Vote FOR this shareholder proposal. Compelling investor feedback indicates that a significant majority of shareholders want to retain the ability to attend shareholder meetings in person, even if in a given year they elect to participate only virtually. While shareholders agree with the purported benefits of virtual meetings as highlighted by the board, they believe those benefits should be combined with the option to participate in person, as such "hybrid" meetings would mitigate corporate governance concerns related to virtual-only meetings, while also maximizing attendance and participation. In light of the fact that the COVID-19 public health emergency was declared to have ended in May 2023, the company has not provided compelling reasons for continuing to hold virtual-only shareholder meetings. In the absence of any other extenuating circumstances preventing the company from holding an in-person meeting, support for this shareholder proposal is warranted at this time.</i></p>				
6	SP 3: Auditor Rotation	SH	Against	Against	Against
	<p><i>Voting Policy Rationale: A vote AGAINST this proposal is warranted. There does not appear to be any publicly disclosed audit related controversy at the company that may raise concerns with respect to the rigor and veracity of the company's annual audit. The audit firms are not only subject to rigorous regulations but also to significant ethical codes. Given the conclusions presented by the IWG review, and regulations surrounding the audit firms, support is not warranted for this shareholder proposal.</i></p>				
7	SP 4: Advisory Vote on Environmental Policies	SH	Against	For	For
	<p><i>Voting Policy Rationale: A vote FOR this proposal is warranted. Additional information on the company's plan to reduce its GHG emissions would allow investors to better understand how the company is managing its climate change related risks and it would allow shareholders to express their opinions on the climate risk management practices of the company.</i></p>
