4.1

This cover extends the policy to include **loss** caused by earthquake, natural landslide (as defined in the Earthquake Commission Act 1993 (Act), volcanic eruption, hydrothermal activity, tsunami or fire following any of them where such **loss** is covered under the Act or would be covered if the **insured property** was a residential building (as defined in the Act) as follows:

- a. Where the **insured property** is, or will upon completion of the **contract works**, be covered under the Act as a residential building, then subject to 4.1(b) and (c) to the extent that the **loss** exceeds the liability (if any) of the Earthquake Commission under the Act, **we** will pay the difference between that liability and the maximum amount payable by **us** under this policy (which will include the amount of **loss** to any part of the **insured property** comprising domestic structures, permanent swimming and spa pools, walls, fences and gates and underground services, footpaths and driveways within the boundaries of the property and 60 metres of the dwelling, up to the **sum insured**). - b. Where the **insured property** is, or will on **practical completion**, be a residential building (as defined in the Act) but cover under the Act for **loss** is not available or is or could be declined or limited under schedule 3 of the Act, **we** will not be liable to pay any amount under this policy for such **loss** unless **we** expressly agree.
- c. Whether or not the **insured property** is covered under the Act, where a **loss** arises for which cover is excluded under clause 3.h.xii of this policy, **we** will not be liable for such **loss** unless **we** expressly agree.

5. Conditions

5.1 Alteration

If, during the **term of insurance**, there is a material alteration to the nature of the **insured property**, **you** must immediately tell **us**. **We** will not automatically terminate the policy but **we** retain a discretion to terminate the policy or to impose any additional conditions or to require the payment of an additional premium before **we** continue the policy.

5.2 Claims

- a. If an event occurs which may give rise to a claim under this policy **you** must:
 - i. immediately notify **us**
 - ii. immediately notify the police if any criminal or malicious act is or may be involved
 - iii. take all reasonable steps to prevent further **loss**; and
 - iv. promptly supply **us** with any information and assistance that **we** may require for the conduct of any claim or any proceedings arising from a claim.
- b. If any claim under this document is found to be in any respect fraudulent or if fraudulent devices have been used to obtain any benefit under this policy, all benefits will be forfeited.
- c. **You** must not say or do anything (including negotiating, defending or settling any claim) that may prejudice **our** ability to defend any claim made against **you**, or make recovery for the **loss** from any other person who may be responsible for it.
- d. **You** must not deal with or dispose of any property in a manner which exposes **us** to legal liability whether or not **we** take possession of the property after **you** have made a claim under this policy.
- e. **We** are entitled to take over in full any legal right of recovery or indemnity that **you** may have arising as a result of the **loss**.
- f. **You** must co-operate with **us** in all respects to allow **us** to do anything reasonably necessary to enforce that right. **You** must comply with this condition when required whether before or after having been

indemnified by **us**. **We** will meet **your** expenses in complying with this condition which have reasonably been incurred to mitigate any further loss.

- g. **We** retain all salvage rights in respect of the **insured property** to which the claim relates and **you** must not remove, dispose of or otherwise deal with any part of the **insured property** without **our** prior written consent.
- h. **You** must take all reasonable steps in the selection of labour and materials and will comply with any statutory requirements designed to ensure the safe working of plant and equipment. **We** will at all times have access to such plant and equipment. **You** will also take all reasonable steps to prevent accidental damage and comply with all relevant health and safety laws, and in the event of any occurrence covered by the policy **you** must, at **our** expense, take all reasonable steps to minimise the **loss**.
- i. **You** agree that **your** compliance with the terms and conditions of this policy as they relate to anything required to be done or complied with by **you** must be met before **we** are liable to make any payment under this policy.

5.3 Reinstatement of Amount of Insurance

Following partial **loss** for which a claim is made under this policy the cover will be reinstated upon **your** application:

- a. at **our** discretion
- b. for the **sum insured** less the amount of the **loss**, unless otherwise agreed by **us**; and
- c. upon **your** payment of any additional premium that may be required by **us**.

5.4 Manner of settlement of claims

We may, in **our** sole discretion, settle any claim for **loss** to the **insured property**, by either:

- a. reinstating or replacing the **insured property** (or any part) lost (to the extent that circumstances permit); or
- b. paying the amount of the **loss** to the **insured property** as reasonably determined by **us**, up to the maximum of the **sum insured**.

6. Separate liability of co-insureds and rights of subrogation

- 6.1 Where there is more than one person named in the **schedule** as insured parties under this policy (co-insureds), **you** are each separately responsible for the performance of **your** obligations and duties set out or referred to in this policy, and if any one of **you** fails to perform **your** obligations or is otherwise in default under this policy that failure does not prejudice the rights of the other co-insureds under this policy.
- 6.2 **We** agree not to exercise **our** rights of subrogation under this policy to bring claims against **you** in respect of any **loss** covered under this policy. This will not in any way limit **our** ability to exercise **our** rights of subrogation to take proceedings against parties other than **you**.
- 6.3 **We** may pay the amount of any **loss** (less the amount of any **excess**) to any mortgagee named in the **schedule** (or otherwise notified to **us**), and otherwise to the person named first in the **schedule**, and such payment will be a good discharge of **our** obligations to all of **you** under this policy.

7. Goods and Services Tax

The **sum insured** and any **excess** under this policy are expressed exclusive of Goods and Services Tax. Payments **we** or **you** make under this policy must be increased by any Goods and Services Tax chargeable.

8. Your duty of disclosure

When arranging this policy, **you** must tell **us** everything **you** know (or could be reasonably expected to know) that a prudent insurer would want to take into account in deciding whether to accept **your** proposal, and if so, on what terms. If **you** do not do so, this policy may be void and of no effect.

9. Other Insurance

If any part of the cover provided by this policy duplicates insurance effected elsewhere **we** will pay only the amount by which this policy exceeds the other insurance.

Where a co-insured has a domestic household policy with **us** which insures a dwelling at the **risk location**, **our** maximum aggregate liability to that co-insured under both this policy and

that domestic household policy will not exceed the maximum amount payable for **loss** to that dwelling under the domestic household policy, except to the extent that the contract works increase the floor area of the existing dwelling.
