i Important information

This form can be used to switch funds and/or change your future investment strategy in your MAS Retirement Savings account.

Before completing this form, you should refer to the MAS Retirement Savings Scheme Product Disclosure Statement available at mas.co.nz/retirement-savings for information about the various investment options, the risks associated with these investment options, and the fees that may apply.

You can also complete a switch online in the MAS Investor Portal at masinvest.co.nz.

Requests to switch your funds received by 5pm on any given valuation day (which is typically every business day in Auckland and Wellington) will be processed using the unit price for that day.

Requests to change how your future contributions are allocated received by 5pm on any given valuation day (which is typically every business day in Auckland and Wellington) will be processed on the same day.

If your switch request is received after 5pm or on a non-business day, we will process the request on the next valuation day.

Generally, we aim to process a switch request within 3 business days of accepting the switch.

Understanding your attitude to investment risk is important to help you understand how to invest your savings. You can use our Fund Finder to learn what kind of investment approach could be right for you and what kind of investment fund could be best suited to your investment goal(s). See our Fund Finder at mas.co.nz/fundfinder.

We recommend that you talk to your MAS Adviser before making any changes to your investments. You can talk to your MAS Adviser by calling us on **0800 800 627** or by email info@mas.co.nz.
